TRUMP'S FRAMEWORK OF LIES

A framework of lies is being laid well ahead of this year's elections—lies that may lead to fraud. But it's not the voter fraud from the left that President Trump threatens at every opportunity. Instead, it's fraud orchestrated and perpetrated by the Liar in Chief himself.

Every chance he gets, Trump still insists that the 2020 election was stolen from him. The only problem is—and it's a huge one—there isn't a single shred of evidence supporting his claim. In the State of the Union address in February, he insisted that "Cheating is rampant in our elections. It's rampant." But contrary to Trump's belief, simply saying something over and over ad nauseam does *not* make it true! He is now suggesting that "The Republicans ought to *nationalize* the voting." Of course, this is in direct opposition to the U.S. Constitution, which gives *states* primary authority over elections. Big surprise: He only thinks this should happen in states that he lost.

The President tries to sow seeds of doubt at every turn. Earlier this year, he had the FBI actually seize box after box of 2020 election ballots from Fulton County, Georgia—even after all his claims of fraud had been debunked many times over. This had nothing to do with any actual fraud and everything to do with Trump's efforts to undermine American elections. And who's to say what will happen to those ballots in his possession?

The President's approval ratings are in the toilet—and for good reason! In recent Pew Research Center and NPR/PBS News/Marist polls, roughly three-quarters of Americans view U.S. democracy as being in peril, and voters rate our economy as being "poor" or "fair." Practically nobody believes that we are better off than a year ago, and even staunch MAGA supporters are calling foul on Trump's campaign lies of cheaper prices and noninterventionist foreign policies.

Republicans are likely to lose one if not both houses of Congress in November, and Trump is determined to play dirtier than ever to prevent that loss of power. Only you can stop the fraud. If you vote and encourage everyone you know to vote, the numbers will be too overwhelming for even the Liar in Chief to deny.

MEGYN KELLY

One of the leading conservative bloviators online today, Megyn Kelly started out as a lawyer, graduating from Albany Law School in 1995, before transitioning to journalism in 2003 and joining Fox News, the prime training ground for right-wing gladiators in the public arena, the following year. After 13 years contributing to *Weekend Live* and Bill O'Reilly's and Brit Hume's shows, and eventually hosting *America Live* and *The Kelly File*, she moved to NBC News for a short stint anchoring her own shows there. She was fired from the network in 2019 and the following year went on to start her own independent media and podcast company, Devil May Care Media. With the launch of her company came the start of her podcast, *The Megyn Kelly Show*, in September 2020, which, just three years later, in July 2023, had garnered 116.8 million views on YouTube, surpassing the old stalwarts NBC News and CBS News. Yes, Megyn Kelly is a force to be reckoned with—unfortunately, she keeps drifting further and further right as the years pass.

Recall that a decade ago, at the first Republican Presidential debate in 2015, where Donald Trump made his big splash, moderator Kelly pulled no punches in exposing Trump's obnoxious misogyny. "You've called women you don't like fat pigs, dogs, slobs and disgusting animals," she began, before Trump interrupted and said, "Only Rosie O'Donnell." Kelly resumed the attack: "For the record, it was way beyond Rosie O'Donnell. Your Twitter account has several disparaging comments about women's looks. You once told a contestant on the *Celebrity Apprentice* it would be a pretty picture to see her on her knees. Does that sound to you like the temperament of a man we should elect as President?" To another candidate, Governor Scott Walker of Wisconsin, who had recently enacted strict antiabortion legislation, she asked, "Would you really let a mother die rather than have an abortion?" Liberals were generally ecstatic, with former *Guardian* columnist Jessica Valenti writing, "I'm not generally a Fox News fan, but I may have to turn in more often if I'm going to see Kelly be such a badass."

Unfortunately, like so many other conservatives who despised Trump at first, she's continued to sink deeper and deeper into his camp. Kelly declares to be a registered Independent since 2008, but in 2024 she endorsed Trump: "God bless him. Go vote for him!" In office again, Trump has continued to make crude sexist remarks about women, including referring to a reporter as "piggy," but instead of badass criticism now, Kelly just arches her ass for another reaming. When CNN's Kaitlan Collins pressed him about his relationship with Epstein, Trump called her, "The worst reporter," and complained, "I don't think I've ever seen you smile." That women should always beam a cheery smile, regardless of circumstances, is an incredibly sexist expectation. Yet Kelly defended Trump: "I literally said the same thing about Kaitlin Collins a year ago on my show. She never smiles. Every once in a while, you have to smile. Roger Ailes used to tell us that." A discussion about survivors of child rape is hardly the right time to flash your pearly whites, Megyn.

Last November, Kelly stepped into it with absurd comments about the Jeffrey Epstein case. "Somebody very, very close to this case who is in a position to know virtually everything," Kelly began, "has told me from the start, years and years ago, that Jeffrey Epstein, in this person's view, was not a pedophile." The reason for this person's thinking, according to Megyn, "This is this person's view, who was there for a lot of this, but that he was into the barely legal type. Like, he liked 15-year-old girls." For the record, 15 is a child, you fucking moron! In America, *barely legal* is the age of legal consent: 18! She continued, "We have yet to see anybody come forward and say, 'I was eight—like eight. I was under ten. I was under 14 when I first came within his purview.'" However, this past February, Representative Jamie Raskin stated that while viewing the unredacted files, there were references to victims as young as nine years old.

When the Trump Administration potentially violated international law by blowing alleged drug trafficking boats out of the Caribbean and killing everyone aboard, without presenting a shred of evidence, Kelly relished the carnage: "I really do kind of not only want to see them killed in the water, whether they're on the boat or in the water, but I'd really like to see them suffer. I would like Trump and Hegseth to make it last a long time so that they lose a limb and bleed out a little," she said. You sadistic bitch! First of all, drug smuggling is a serious crime, but not a capital offense, and Trump is not international judge and jury. Second, couldn't American forces have a displayed a single bag or barrel of coke or meth or whatever as proof?

After the recent Super Bowl, she joined the ridiculous, hyper-patriotic hysteria about Bad Bunny performing exclusively in Spanish at the halftime show, calling it a "middle finger to the rest of America." "This is supposed to be a unifying event for the country. Not for the Latinos," she complained to journalist Piers Morgan. "They call it American football. And the halftime show and everything around it needs to stay quintessentially American." Well, Megyn, about 41 to 43 million Americans speak Spanish as their first language, making the USA the second largest Spanish-speaking nation after Mexico. And Bad Bunny is one of the biggest recording artists in the world, the winner of six Grammys, who has been the most streamed artist on Spotify four times between 2020 and 2025. Also, this was a canny move by the NFL, with a rapidly expanding audience for American football in Central and South America. This performance surely energized that market. It was good business.

Equally offensive was Kelly's reaction to the election of Zohran Mamdani, a Muslim, as mayor of New York City. Mamdani is a U.S. citizen, but Kelly proclaimed that he was "not American" simply because he was born in Uganda. About 15% of American citizens, totaling over 53 million people, were born out of the country, you fool. She argued that Muslims should not hold political office here because Islam is "totally incompatible with Western values.... I'm entitled to that belief because Islam is more than a religion. It is a political ideology...all of Islam is political Islam. That's the truth. And we can't be afraid to say it." Well, too late, Megyn, after the elections in 2025, 42 Muslims had won office in the U.S., and they haven't started a caliphate yet. And there's that sticky wicket in the U.S. Constitution about "freedom of religion" for all citizens—or did you forget that?

The scandalous xenophobia reminds us of the time in 2013 when she said that Jesus was a white man, prompting almost every pundit on TV to ridicule her. No one is really certain about Jesus's exact skin color, but it's a safe bet that he didn't look like Conan O'Brien. She also defended dressing up in blackface for Halloween: "When I was a kid, that was okay, so long as you were dressing up as a character"—comments that ultimately got her fired from NBC News.

One thing is clear from Kelly's career, from a principled Independent to reliable Trump suckup: Trump Derangement Syndrome is really more of a malady affecting the Right, and Megyn Kelly is feverish to the core with it. H

Working in the adult industry is a dream come true for me. I get to dress up, enjoy plenty of orgasms and interact with so many incredible colleagues. The best part, though, is sharing my wild side with fans. You guys truly make this job extra-worth it!

"I love to submit—getting bossed around and being told what to do gets me really wet. My biggest turn-on is foreplay. It's really important to build up to the sex. Kiss my neck and back. Nibble on my lips and ears. Whisper the filthiest dirty talk to me. Finger me slowly and passionately, and I will be primed to show you a very good time. Most importantly, give me plenty of eye contact. They say that the eyes are the window to the soul, which is true. They're also the key to getting my pussy ready for action."

I guess it's no big surprise that I ended up in the XXX industry. From the moment I sucked my first dick, I was totally hooked. I was instantly transformed into a nymphomaniac, and I have not looked back since.

"Obviously, I love all the cock I get to enjoy in my job, but I have other goals in this industry beyond just getting laid and getting paid. I really hope to reduce shame and make people feel more free with their sexuality too. I'm big on the idea of promoting sexual education, particularly for those who look down on sex and the adult industry. I think a little bit of knowledge would go a long way in changing that attitude.

"Aside from sucking a nice, hard cock, one of my favorite things about sex is getting creampied. I have a breeding fetish, even though I'm not sure if I want kids. Pump my pussy full of cum, and I'm a happy girl!"

Fresh-faced beauty **Bailey Rose** is ready: "That's why I'm excited about being in HUSTLER. Exposure like this in a national magazine is sure to lead to big things."

Fresh-faced beauty **Bailey Rose** is willing: "Sexually I'm very experimental. I love having sex in different places. I'm open to anything. I would love to have a threesome with two guys. Handling two cocks at one time would be hot. I'm also into girls. Lately I've been playing around with my sexy girlfriends and discovered I love the taste of pussy."

Fresh-faced beauty **Bailey Rose** is able: “I never seem to get tired. I need very little sleep—maybe three to four hours a night. I guess being 19 helps. That’s why I’m so eager to really give being a porn girl my all. I plan on doing photo-shoots, films and more. I figure as long as I look like this, I should go for it.”

I have a very strong sex drive. I am able to get myself off three times or more in a day, and I even come in my sleep sometimes! I'll have a sex dream and wake up in a great mood, coated in sweat and—well, wet everywhere, really. It's an excellent way to start the day.

"When I am with a partner, I prefer a man who isn't afraid to dominate me, because I'm pretty submissive. Overall, I like a combination of rough and gentle sex, but I like dirty talk, having my hair grabbed and being choked. And my nipples are supersensitive, so I enjoy having them stimulated. Pinch them, and bring on the clothespins and ice!

"I've had some wild experiences. One time I visited a swingers club and didn't even realize it at first! I thought it was just a regular club with people dancing, and then everyone started to get naked. So hot. Someday, I'd like to fuck on a plane, or on a roof along a coast somewhere. I hope I can make it happen. A girl can dream, can't she?"

Could you be

INTERVIEW BY ED RAMPELL

LEV PARNAS IS SWORN IN TO TESTIFY BEFORE THE U.S. HOUSE COMMITTEE ON OVERSIGHT AND ACCOUNTABILITY MARCH 20, 2024. PHOTO BY DPA PICTURE ALLIANCE

When Lev Parnas and his partner Igor Fruman were arrested during the first Donald Trump presidency, they were depicted by the media as being clownish sidekicks of Rudy Giuliani, Trump's personal attorney at the time. But the 2024 Rachel Maddow executive-produced documentary *From Russia with Lev*, plus Parnas' 2024 book *Shadow Diplomacy, Lev Parnas' Wild Ride From Brooklyn to Donald Trump's Inner Circle*, belie that caricature. In the nonfiction film, the tell-all memoir (coauthored by Jerry Langton) and in his Substack, Parnas strives to set the record straight by telling his side of the story, a story that led all the way to President Trump's first impeachment.

Born 1972 in Odessa, Ukraine, Parnas emigrated to America when he was four. He rose from being a small-time hustler on the sidewalks of New York's "Little Odessa" all the way to the corridors of power as a TrumpWorld wheeler-dealer. What he lacked in college diplomas and law degrees, Parnas more than made up for in street smarts, something Giuliani and Trump recognized. This, plus Lev's Russian and Ukrainian contacts and connections, made him invaluable as part of their covert plot to eliminate Joe Biden from the 2020 presidential race—that is, until it became politically inconvenient for Giuliani and Trump to be associated with Parnas.

After his Icarus-like fall from the heights of Trump's inner circle, Parnas starting blowing the whistle on the President's Machiavellian machinations, and he continues to spill the beans, raising disturbing questions about the Epstein files and The Donald's role in that sordid affair. Now this onetime figure of ridicule may have the last laugh.

HUSTLER: How did you first encounter Rudy Giuliani, one of America's top Republicans?
LEV PARNAS: The first time I met Rudy was at a dinner I hosted for Donald Trump [at the Florida mansion of] billionaire Republican donor [Robert Pereira]. This was about three weeks before the November 2016 election. Trump and Rudy were at the fundraiser with an entourage of lobbyists like Brian Ballard. That's where I first met Rudy, but that relationship didn't flourish until about six, seven months later, once Trump won.

At one point I was approached by one of Rudy's friends, an ex-[assistant] U.S. attorney from New York who'd served with Rudy [when he was U.S. attorney for the Southern District of New York], and wanted to become the U.S. attorney for Florida. He was asking me, because of my relationship with Trump at the time—because it was well known I was part of the family—if I could put in a good word for him. I mentioned to him I was working on a company called Fraud Guarantee, an insurance policy against fraud, and he said, "Rudy would be the perfect spokesperson for you. He does LifeLock" [as the identity theft protection company's pitchman].

He made the official introduction to me with Rudy, although we already knew each other "hi" and "goodbye." We had a formal meeting, and then it was a bromance made in heaven. We started spending every day together. Rudy was going through problems—he didn't get the position as Secretary of State that he'd been promised, was also going through a divorce and had financial problems. Because when Rudy campaigned for Trump, he lost a lot of [security consultant] contracts. So Rudy latched on to me, because he wanted me to pay him $1 million for the Fraud Guarantee company. We ended up paying him half a million to be spokesman—which he ended up stealing. That's a story on its own. [Parnas alleges Giuliani pocketed the money, but then never represented his company.]

We started becoming close—spending five days a week together, were on the phone three, four times a day. He eventually became godfather to my sixth child, Nathan. We really became close around 2017, 2018.

Tell us about your relationship with Trump.
Donald I met through the years, through my dealings in New York and then Florida. Our paths crossed. I've been to Ivanka's events and [Don] Junior's. But we'd never done business together—the closest was me introducing some Russian oligarchs to Trump properties back in the '90s.

In October 2016, at that fundraiser where I met Rudy, that was shortly after the [*Access Hollywood* videotape] with Billy Bush, where Donald says, "I'm famous, and I can just grab women by their personal parts [the pussy]." His [poll] ratings were really bad, in the 30s…he thought it was over. Me and Robert Pereira continued to hold the fundraiser; we ended up raking in $2 million. When he came to the house, there was a small fundraiser, maybe 20 people. It was an intimate dinner.

We had been warned by the Secret Service that Trump was in a bad mood, that he's just coming there and would only stay about 15 minutes, take some pictures and go. But what happened is—my whole life is very magical in a lot of things—that evening, when we got in the picture line, I brought a photo that I had back in the day, with my son Aaron when he was 15, and I asked Donald to sign the picture for Aaron. And he signed it, and then, after the photo line, he started talking to me and told his handler, "We're going to stay for dinner." So when we sat down for dinner, it became an open conversation between Trump, Rudy, the donors.

It was shocking to me, because that world was far from me. I was not a billionaire. I didn't grow up in high society. I came from the streets of Brooklyn. The billionaires were literally frozen. They were scared to speak to Trump; they couldn't ask him questions; they were dumbfounded. Me being me, I just got into asking him questions. Before you knew it, me and Trump got into an hour and a half conversation, like two guys sitting in Brooklyn, bullshitting.

He looked out the window into the ocean and stared and said, "I don't need to be doing this. I could be playing golf. But I'm doing this not for me; I'm doing it for the people. Because of the political machine, the Clintons, the Deep State." And he went into this thing, and that was the moment when I was "cult-inized," "Trump-inized," because I was like, *Wow!* I was never into politics. I was there for business, to try and pitch a real estate project to 20 billionaires.

At that moment, he mesmerized me. People came up to me afterwards and said, "Trump asked if you wanted to be at the rally he's doing the next day at Doral." I went to the rally. I was front and center. He personally invited me to go with him to Vegas to his third debate with Hillary Clinton. I was there in the front row with him and his family. Basically, from the October fundraiser dinner until he won, for a month I spent traveling every day with him. He asked me to come to the Hilton in New York when he won.

After he won, there was a small circle of people that was like really family—because everybody thought he was going to lose and were >>

jumping off the bandwagon. People like me, Brian Ballard, Rudy, Victoria Toensing, Joe diGenova and others, we became like a small little group that he trusted more than anybody else. In his first administration, when Trump said, “People say” or “People told me,” we were those people, in his inner circle, advising him.

You write in *Shadow Diplomacy, Lev Parnas’ Wild Ride From Brooklyn to Donald Trump’s Inner Circle* that you moved inside TrumpWorld’s inner circle for a few years. What was that like?
It was really chaotic, historic, something incredible that I could never imagine ever in my life, a kid from Brooklyn being in the White House every other day. Being around some of the most powerful people, traveling on behalf of the President of the United States, meeting other presidents. It was a combination of a lot of crazy things. At the end of the day, a lot of this to this day I still haven’t really had a chance to sit down and understand what I went through. A lot of it, I was really “cult-inized,” to such a degree that I became one of the leaders of the cult, became part of the movement. What everybody saw play out in 2025—I was there at the beginning, when it was being formulated, being built. I was part of that first group, of that top tier, of being around Don Jr., Rudy Giuliani, Lindsey Graham, Kevin McCarthy and Donald Trump. There was no higher you could go. I probably don’t have the right words to describe it.

Who and what was the “BLT Team”?
Me, Rudy, Victoria Toensing and John Solomon. I named us the “BLT Team” because we’d meet at the BLT [Prime] steakhouse in the Trump International Hotel in Washington, D.C. There was a private room Don Jr. told me was swept [for listening devices] all the time, because Trump would eat there with the family. It was like our office; whenever we had meetings, or our conversations with Nicolás Maduro, we’d meet at the BLT restaurant.

How was your lavish lifestyle paid for?
Yeah, I was actually going through lots of problems financially. It was being paid for by these billionaire Republican donors, Ukrainian, Russian oligarchs. People in that world who wanted access to Rudy or Trump. I was the gatekeeper. To get to Rudy—you could only get to Rudy through me. And to get to Trump, Rudy was Trump’s Roy Cohn, who would do anything he needed. Rudy always used lawyer-client privilege. Rudy’s only clients then were Donald Trump and me [*chuckles*]. So whenever we spoke, he said it was always “client privilege.”

And what was Rudy really like behind closed doors?
I was mesmerized by Rudy, because coming from New York, growing up, he was “America’s mayor.” Before 9/11 and before he became mayor, Rudy was U.S. attorney [for SDNY] and was putting away a lot of my friends and relatives. So when I met Rudy and we started getting close, it was really weird to see who Rudy was, because he wasn’t the person I imagined him to be. I imagined him to be this powerful prosecutor, and sitting with him, Rudy was like a kid who never got to be what he wanted to be. Because Rudy always wanted to be a gangster, not a prosecutor. He became a prosecutor; he couldn’t be a gangster. Every conversation we had, we talked about *The Godfather*…

I saw a lot of parts of Rudy, parts I couldn’t believe. I saw that he was willing to cross the line and do whatever it takes to win. That showed me and proved to me that there’s no such thing as an “honest prosecutor”…

We built such a close relationship that to a certain degree, he became like a father to me, like an uncle. I started taking care of Rudy because he’d get drunk all the time and do all kinds of crazy stuff with reporters and with females. I became one of his handlers, like a protector. I had a lot of different jobs with Rudy. It transformed into becoming really good friends. Then it transformed into, we were on a mission from Trump to save our democracy.

> **“I WAS REALLY “CULT-INIZED,” TO SUCH A DEGREE THAT I BECAME ONE OF THE LEADERS OF THE CULT.”**

Ukraine looms large in *Shadow Diplomacy*. You were born in Odessa, spoke some Ukrainian and were fluent in Russian. You and your business associate Igor Fruman became involved in an intricate plot in Ukraine that actually led all the way to President Trump’s first impeachment. Lay out what that conspiracy was and what your role in it was.
Absolutely. In an evening of November 2018, we were having a cigar and cocktail event at the Grand Havana Room, a private club in Jared Kushner’s building in Manhattan. Rudy was a member. He was on a mission at the time; The Mueller Report [investigating allegations of collusion between Trump’s 2016 campaign and the Russian government] was high. Rudy was looking into corruption, trying to link, instead of the Russians, it was the Ukrainians who were corrupt. The Paul Manafort ledger came out from the Ukrainian secret service, saying that Manafort, Trump’s campaign manager, was taking money from Russian politicians. Which turned out to be true. He got indicted and went to prison for it. Trump later pardoned him.

At the time, Rudy was chasing that and trying to prove that the Ukrainians were faking the ledger, that it wasn’t real. We were discussing this at the Grand Havana, and my partner Igor Fruman looked down at his phone and showed Rudy the famous video now of Joe Biden [then Vice President and in charge of Obama Administration foreign policy vis-a-vis Ukraine], sitting there [in Kyiv] talking about, “Get rid of the [Ukrainian] prosecutor [Viktor Shokin], or you don’t get the $1 billion [in U.S. aid].”

When Rudy saw it, his eyes lit up. He got up and basically said, "We got you, Joe!"

He right away called President Trump, went into the backroom to talk with Trump, then came out while he was on the phone with Trump and gave me the thumbs-up. He hung up the phone and said Trump was really excited about this new evidence that you guys provided and asked us what our connections are in Ukraine. Me and Igor talked to lots of people and knew about a lot of things going on. His eyes lit up because he realized we had lots of good connections in the underworld and also in the people that might be able to get things done.

The only thing we didn't have was political cover. In that room Rudy said, "Give me one dollar or 20 bucks." Igor gave him $20, and Rudy said, "Okay, so from now on, I am officially your lawyer. And I only have two clients: you and President Trump. Whatever we talk about from now on, [you're protected by] attorney-client privilege. If you ever get questioned, arrested, you always respond with that."

Two weeks later, Trump invited me and Igor to the Hanukkah party at the White House; it was delayed because [former President George H.W.] Bush passed away. Rudy was in D.C., going to the Bush funeral [in the Washington National Cathedral], and he invited us. We were sitting in the front row, with all of the ex-presidents, at the Bush funeral.

We told Rudy we were going to the White House for the Hanukkah party, and he said, "I have a great idea," because we always need to think about media coverage. If I was going with Rudy and Igor to the White House, the media would find out because there would be a ledger of who visits the Oval. Like this, we'd be in the White House already for the party. Rudy says, "We'll sit down with Trump and tell him the whole story [about Biden and Ukraine] and plot out the plan."

We entered through the back entrance. The White House Secret Service brought us in. We started mingling with the guests. Rudy went to the private residence to fill Trump in. When Trump came down to make a speech, the Secret Service asked us to wait in the Red Room.

Trump appeared after his message, with Melania, Jared, Pence and his wife, I call "Mama Pence." Rudy had this female friend there [Ashley Hutson]. He was trying to pretend she was his girlfriend, but she wasn't; she was a lot younger. Rudy was just constantly hitting on all the girls, like a lot of them did. Rudy was trying to impress her by bringing her to the White House. When Trump walks in, first thing he says is, "Where's my man Rudy?" As he's approaching Rudy, he comes to the female standing next to him and says, "Who is this?" And Rudy is making googly eyes, like she's with him, and he goes, "My man Rudy." And Melania smacks him on the shoulder…

Trump came up to me in the Red Room and said, "Rudy explained to me everything that's going on. He tells me great things," and blessed me and wished me luck on my mission to Ukraine. That was December 6 or 7, 2018, and on the 18th we were sent to Ukraine to find Viktor Shokin, the prosecutor general Joe Biden supposedly fired because he was looking into Hunter Biden corruption.

What were Hunter and Joe Biden accused of doing?
The conspiracy we put together—which the Russians had been pushing for a long time—was that Hunter Biden was working for a very corrupt Ukrainian company, Burisma [Holdings Limited], which was being investigated by Ukrainian Prosecutor General Viktor Shokin. The conspiracy was that Hunter Biden was using his influence with his father to be able to help Burisma [which Hunter was on the board of]. When the prosecutor general wanted to get rid of them, Joe Biden held back $1 billion in IMF funds to Ukraine unless they fired the prosecutor, to protect his son.

Why was it so important for Trump that the Ukrainians would announce they were going to investigate that?
Because at the time, Joe Biden was planning on running in the 2020 election. And Donald Trump's biggest fear was that Joe Biden would run. For Trump, it was an effort to discredit Biden, to have him fall out and not run by showing that he was corrupt.

The pressure we put on was extremely extensive. I testified at Trump's first impeachment. Out of the 300 pieces of evidence, 100 are mine. The impeachment was really about Donald Trump withholding congressionally approved military aid from Ukraine, because they wouldn't announce an investigation. The pressure began under President Petro Poroshenko's administration. That was the first quid pro quo I put out there on behalf of Trump.

Then Volodymyr Zelenskyy was elected president [in April 2019]. Trump and Giuliani told me to make contact with Zelenskyy. We thought because he was young, naïve and didn't have political experience, it would be easy for him to announce the investigation [into the Bidens].

But unbeknownst to us, Marie Yovanovitch, the U.S. ambassador to Ukraine, was leading a major campaign with the Ukrainian government not to listen to us and Trump, because what we were doing was not part of State Department policy, but we were running a shadow diplomacy—which we really were. Because of that, the Ukrainians and Zelenskyy kept going back and forth, promising us constantly they were going to do it, but then pulling back.

Eventually, to the point on May 10, we were supposed to meet with Zelenskyy, but Kash Patel and [Congressman] Devin Nunes told Rudy [that] Zelenskyy was surrounded by enemies of Trump, so Rudy decided to cancel the meeting. Rudy told me to give them one last chance, and Trump told me to tell them very firmly that if they don't announce [the investigations into Biden]…he was dangling the carrot that Vice President Mike Pence wouldn't show up at Zelenskyy's inauguration. Which was very important to the Ukrainians, to show unity against the Russians. And not only that, if they didn't announce, all of the approved military aid would stop.

…The Ukrainians said they'd do it, but when they ghosted me, I told Rudy "They're not doing it," and he said, "Now they'll see the wrath of Trump." That's when Trump canceled the military aid to Ukraine, which he got impeached for… On that [July 25, 2019] "perfect phone call" [as Trump later called it], he told Zelenskyy, "I need you to do us a favor, though"—to look into Hunter Biden.

Were Hunter and Joe Biden actually guilty of what they were accused of doing?
No, on the contrary. The only thing Hunter was guilty of was having a drug problem… So Hunter and Joe Biden did nothing wrong legally. They didn't take money; they didn't take a bribe. All of that was purely Russian disinformation being pushed.

In the documentary *From Russia with Lev*, which Rachel Maddow executive-produced, you actually meet face-to-face with Hunter Biden, the man who you had bedeviled as part of this

>>

scheme to get dirt on the Bidens. What was that like?

After I got out of prison, I was on a mission to try to fix what I did wrong. Being a father myself, knowing the damage we did to the Biden family by pushing this false information…I wanted to make it right. When they were trying to impeach Joe Biden, I testified in Congress and told the truth under oath about what actually transpired. After my testimony, they shut down the impeachment investigation… [The impeachment inquiry started in September 2023; an August 2024 congressional report didn't recommend articles of impeachment.]

Hunter and I had only spoken on the phone. When we did the documentary, I called him up and said, "Hunt, I think it would be a great idea if we did a closing with me and you finally meeting," And he said, "Lev, let's do it." And I called [producer/director] Billy Corben and Rachel. They didn't believe me. When they got the call from Secret Service to meet in California, they almost took a shit! The beauty of it is, they captured—that was the first time we met in person… Me and Hunter are very close now. Our families are very close.

I was surprised to read in your book that when you were busted on October 9, 2019, at Dulles International Airport, before leaving on a flight for Vienna on yet another mission regarding Ukraine, the charges had no direct connection to the conspiracy you were a big part of. What were you charged with?

I was supposed to go to Vienna to pick up that famous hard drive, Hunter Biden's laptop. On that flight, Victoria Toensing and Rudy were supposed to be with me. Sean Hannity was going to do a big interview with me and Rudy getting the hard drive in Vienna on Fox… On the morning of the flight, Victoria and Rudy canceled…

When they arrested me [at the airport], they first charged me with espionage, one of the most powerful charges because it carries the death penalty. And you lose all of your rights. And they kept me [incommunicado] for about a week… They went through all my phones and found out I wasn't working for the Russians. But they needed the sensation of me trying to flee and that I was a Russian spy in order to get the media and attention. Because [Attorney General] Bill Barr was trying to protect Trump [while the impeachment inquiry was taking place] and blame me, make me the scapegoat—I was the one feeding Trump with the Russian disinformation. What screwed Barr up is that he didn't realize I was working for Trump and that Trump was very close with me and Rudy…

I thought I was being an American hero, but when I got arrested, I woke up out of that cult, I realized I was being used under a different pretense.

When you actually stood trial and the espionage charge was dropped, what were you charged with?

Basically, they said I donated Russian money to Trump's campaign, that it was a straw donation. I was also charged with fraud [in relation to] Fraud Guarantee. It was a wire fraud charge… I'd been involved with mobsters [in my life]—but when I did get arrested, I was working for the President of the United States!

U.S. District Judge J. Paul Oetken didn't give you the maximum sentence. He sentenced you to 20 months in prison and ordered you to pay $2.3 million in restitution. When you were busted, what did Giuliani do to help you?

On the contrary, what happened was, they tried to distance themselves from me, like I was some kind of nut.

The Giuliani, Trump BLT Team alleged widespread high-level Ukrainian corruption. But what do you think of President Volodymyr Zelenskyy now?

[*Laughs.*] First of all, the real corrupt ones, I realize now, are Donald Trump and Giuliani… I don't believe Zelenskyy is corrupt. He was a

very wealthy individual when he came into office. The reason he won is, he really wanted to change Ukraine from the corruption it was in and make it more for the people…I think Zelenskyy is a hero and Trump is the corrupt one.

…I know Trump very well. We might be different because he has millions and I grew up in the streets of Brooklyn, but we were both hustlers. And I can tell one hustler from another, and everything Trump does is a hustle. From selling Trump Watches while he's President to getting Qatar to give him a jet to having his sons, Tweedledee and Tweedledum, Eric and Don, running around with [Special Envoy to the Middle East] Steve Witkoff's son Zach, making billions around the world…I was the original Steve Witkoff—now you're seeing 2.0, not having any diplomatic experience, dealing with the top leaders of the world, pushing Trump's agenda.

…Giuliani showed me that basically there's no such thing as an honest lawman, honest politician, honest prosecutor. We were making out Giuliani to be the greatest mayor—maybe because of 9/11. Now you're seeing, with Donald Trump, these guys come from an

old-school time of Roy Cohn, who was Trump's mentor.

What do you think of Trump during his second term?
Healthwise, it's not as good as he's trying to make it [seem]. The more Trump says he's healthy, the more unhealthy he is. That's just Donald Trump. Anybody who really knows him up close knows that's just Trump. The more he tries to convince you about something, the more you understand it's not true. My sources tell me that he's been getting regular IV treatments—that's why you see [bruises on his hand], it's not from handshaking.

At his age, he's obese, doesn't eat healthy. You can tell there's a cover-up. Also, Donald's father, Fred, passed away from Alzheimer's, dementia. That is hereditary. I'm not a doctor, but what I will tell you—as somebody who spent a lot of time with him up close and watching him the past year, I can tell you there's definitely something wrong. Now what that is—a medical condition, he's tired, dementia?—I can't tell you. I'm not a doctor. He's not the same man.

…He's always been a crook; he's always been about trying to finagle and make money. And he's hustling right now—look at the billions of dollars he's making.

> **IT'S NOT WHAT YOU SEE IN THE EPSTEIN FILES— IT'S WHAT THEY'RE NOT SHOWING YOU.**

You have longtime Florida ties. What do you think of the Epstein scandal?
It's not what you see in the Epstein files—it's what they're not showing you. One thing I know about Trump and Giuliani, what they're showing you is all theatrics. What's important is what's behind the scenes, what's not being shown. What you don't see in the released Epstein files, what Trump is protecting, is anything mentioning Russia and oligarchs. I was part of that during the '90s, the 2000s—there were direct financial links to Russia, Trump, Epstein. Also, there's nothing [being released] about Melania... The Epstein files is Trump's kryptonite.

I never had any interaction with Epstein. During the '90s, the fall of the Soviet Union, I was very connected to Russian organized crime, which was part of the oligarchy you see now and part of the political leadership you see now. I saw their relationship with Donald Trump—spending money, buying apartments, having poker games at his Atlantic City casinos.

When it comes to Epstein, Trump is hiding lots of stuff. Epstein was working with Vitaly Churkin, the Russian ambassador to the United Nations. Epstein was giving Churkin information about Americans and Donald Trump. Interestingly, Trump was also working with Churkin at the time, and he was a KGB agent. Epstein was giving a lot of dirt on Donald Trump. Even to the point of an email released in the Epstein files, in 2018, before their Helsinki meeting, that if [Epstein] met with Putin's Foreign Minister Sergei Lavrov, it would take Trump down.

[*Editor's note:* Emails from the Epstein files revealed that Epstein wrote to former Norwegian Prime Minister Thorbjorn Jagland, on June 24, 2018, "I think you might suggest to Putin that Lavrov can get insight on talking to me," per *Politico*.]

Another thing, [CEO of Trump's 2016 campaign Steve] Bannon was very close with Epstein. There's also an email that Bannon was giving information to the Russians.

My sources have been confirming to me that there were lots of people in TrumpWorld, especially in the '80s and '90s, that were targeted by "honeypots"—Russian women. Some were being trafficked, some were prostitutes, but some were agents sent to marry rich men… To this day, you have Russian women that are Russian spies working for the KGB, now the FSB, that are married to some of the wealthy men in Trump's inner circle. Some are also mistresses, girlfriends.

In the '90s, they all came through here because there was a very big event. Trump's trying to hide his relationship with Epstein in the '90s.

What you're alleging is that there's a whole other dimension to the Epstein scandal that involves espionage and the Russian government?
One hundred percent... There's an operation the Russians have been working with Trump going back to Ivana [Trump's first Czech-born wife]. The other thing they're trying to cover up is Trump's relationship with [Slovenia-born]…Melania.

In the 1990s, Trump ran beauty pageants. In the 1990s, very powerful men like Trump, Epstein, [mogul Harvey] Weinstein and Jean-Luc [Brunel, a French model scout who founded MC2 Model Management with financing from Epstein] used industries…to attract young women. Those industries were movies, which you saw with Weinsten; modeling agencies, which was very big in the '90s, to attract young girls to become models; and then Donald Trump had a very interesting business he was in. He was not only into Miss Universe pageant, but he also had a Miss Teen U[SA]. This was at the same time, 1993 to 1996, when this was going on, that his best friend, Jeffrey Epstein, was running a child sex trafficking ring.

So what I'm saying to you, with the dump of Epstein files coming out, we know for a fact about the relationship [between Epstein and Trump] and the way Trump talks about women. Listen, he's already been convicted with E. Jean Carroll; he owes her money for sexual [abuse and defamation]. You don't have to be a genius to connect the dots to what Trump is really protecting when it comes to what happened in the '90s in that world of powerful, rich men.

My curves really developed when I was in high school, and I didn't like wearing bras, so I got a lot of attention. I still go braless, and I like pulling on a crop top when I go out, so of course I get plenty of stares. I don't mind that, but it's really about making myself happy and liking the way I look. I love seeing and feeling my titties bounce!

"Another favorite body part for me is my feet. I am so into having my feet kissed and sucked—it's like there's a direct connection between my toes and my clit! Having my feet rubbed and massaged gets my kitty purring. My foot fixation goes both ways too—kissing a guy's feet is a big turn-on for me.

"I've had a lot of fun experiences in XXX. One thing I would love to try on camera is a gangbang with four guys. I had a gangbang in my personal life once, and it was hot! I loved all of the attention, and it would be awesome to do that again, especially if the guys give plenty of love to my feet!"

HUSTLER CLASSIC
AUGUST 2009

PHOTOGRAPHY BY
MARK LIT FOR DIGITAL DESIRE

Fresh from her very first nude photo shoot, **Taylor Vixen** declares, "I always wanted to be in HUSTLER. It is so cool that my dream is coming true! I wanted to do this since the first time I had sex."

At our request, **Taylor** takes us back to the momentous occasion. "It was actually quite sweet," she recalls in a syrupy drawl. "The guy was my high school boyfriend, and we were both inexperienced and nervous. It was by a lake after our senior prom and lasted only 45 seconds. He tried to hold out but couldn't. The minute he started pumping in my pussy, it was over for him. As we practiced more and more, things got better that summer. I really got wild when I went away to college and started sleeping with other students."

How wild? "Let's just say I drank back then," **Taylor** fesses up, "and a girl who drinks is more likely to do anything. Guys, girls and maybe a threesome. Maybe even three of them. It was a wild time."

Are fuck flicks in saucy **Taylor Vixen**'s future? "I don't know," she coos. "Like I said, get a few drinks in me, and you can never tell."

WELCOME TO VOYEURS' FAVE AMATEUR SHOWCASE SINCE 1976!

BEAVER HUNT®

EDITED BY MORGEN "TEX" HAGEN

REESE ROBBINS

"I used to think I was lame and boring," recalls Reese Robbins, 24, from Topeka, Kansas. "I worked in nursing homes, and I was living a pretty humdrum, wallflower existence." But hailing from the state that gave the world Dorothy, Toto and the Wizard of Oz, the 5-foot-3 Midwesterner eventually found her Yellow Brick Road. "I picked up a copy of Abbie Hoffman's *Steal This Book*," Reese explains. "He was a political activist in the 1960s and '70s who was a leader of the counterculture movement and advocate of the hippie lifestyle." To say the least, Reese was inspired. "I wanted to feel totally free and liberated," she says. "I couldn't go back in time and run around naked at the Woodstock music festival, for example, but I did something I never ever imagined doing—modeling nude and doing some hardcore porn clips. I even kissed my anal virginity goodbye." Nevertheless, Reese remains somewhat conventional: "I love watching thrillers and horror moves on Netflix. Being scared is one of my big turn-ons. And I like baking pies from scratch." Reese is gonna steal a lot of hearts.

“The highlight of my porn career was sucking the dick of an iconic rock star’s illegitimate son.”

Birthday Delights

Beavers come from all walks of life, but here are five with something in common: They'll be celebrating birthdays in May. When online college student Ellie Rose from Garden Grove, California, was showcased, she revealed her sexual curriculum: "My dream guy isn't a Prince Charming. I'm into chubby dorks who aren't bumbling idiots when it comes to getting me off with great pussy-eating and energetic fucking. Meanwhile, my lovers marvel at my agility, oral skills and endurance." Suzie Sparklez—a "friendly, considerate and romantic" resident of Nove Mesto na Morave, Czechia—declared, "I love to show off my naked body. I enjoy attention." Suzie added, "My favorite fucking positions are cowgirl and doggy. I especially love having guys come in my ass. DPs are very nice." Vanessa—a ride-share driver from Salem, Oregon—shared a memorable escapade: "I had sex with my boyfriend in the cab of his pickup truck while going through a car wash. I was scared shitless that people would know what we were up to; plus I was afraid I'd be late for work. All in all, it was very exciting." Carson City, Nevada's Bella Divinity disclosed, "I'm very sensual, caring and enthusiastic, and I have a special talent: No one can talk dirty like me. I have a wild imagination, and I let it take charge in bed or my favorite place to have sex, outdoors." Keiyra Lina—a "caring and kindhearted" office temp from Miami, Florida—told us, "I had this brainstorm to ask one of my open-minded gal pals to take some pictures for me to stuff into a drawer and look at later in life. Call me petulant or impatient, but the thought of showing off my body to lots of people while I was still young, sexy and daring hit home." Happy birthday, ladies!

SUZIE SPARKLEZ

"Pink is my favorite color."

ELLIE ROSE

VANESSA

BELLA DIVINITY

"I really love sex, and I'm never afraid to try something new at least once. My biggest thrills so far were having sex in a park and my introduction to anal intercourse. It was heavenly!"

CROSS AGAIN

DITRIA

Ditria, 25, a “bold, optimistic, academic and witty” denizen of Youngstown, Ohio, is an ardent exhibitionist.“I enjoy being gawked at by men and women alike, hoping they’ll get off at what they see,” the 5-foot-1 Buckeye Stater admits. “I wouldn’t kick me out of bed.” Ditria goes on to tell us, “My favorite pastimes, besides mutually satisfying sex, are hiking, yoga, cooking, herbology and partaking in spiritual practices.” When partaking in *amorous* practices, bi babe Ditria prefers being kinky. “I’m really into being handcuffed, spanked, walked on a leash and swapping cum with another girl after sucking a guy off during a threesome. I also dig butt-fucking a man with my trusty strap-on dildo. I don’t get many takers, but when I do, it’s loads of fun, especially since I’m so submissive with guys. Yep, I’m a pegging maestro!”

—Photos by Elegant Images Modeling Ltd.

“My fantasy is having a threesome with the hottest girl and guy in my yoga class. Namaste!”
